- August 2016 - January 2022 **Kroger Company**  
*Customer Service Representative*

**Professional Designation**

**CERTIFIED FINANCIAL PLANNER™ (CFP®).** The CERTIFIED FINANCIAL PLANNER™, CFP® and federally registered CFP (with flame design) marks (collectively, the "CFP® marks") are professional certification marks granted in the United States by Certified Financial Planner Board of Standards, Inc. ("CFP Board").

The CFP® certification is a voluntary certification; no federal or state law or regulation requires financial planners to hold CFP® certification. It is recognized in the United States and a number of other countries for its (1) high standard of professional education; (2) stringent code of conduct and standards of practice; and (3) ethical requirements that govern professional engagements with clients. To attain the right to use the CFP® marks, an individual must satisfactorily fulfill the following requirements:

- **Education.** Complete an advanced college-level course of study addressing the financial planning subject areas that CFP Board's studies have determined as necessary for the competent and professional delivery of financial planning services, and attain a Bachelor's Degree from a regionally accredited United States college or university (or its equivalent from a foreign university). CFP Board's financial planning subject areas include insurance planning and risk management, employee benefits planning, investment planning, income tax planning, retirement planning, and estate planning.
- **Examination.** Pass the comprehensive CFP® Certification Examination. The examination, administered in 10 hours over a two-day period, includes case studies and client scenarios designed to test one's ability to correctly diagnose financial planning issues and apply one's knowledge of financial planning to real world circumstances.
- **Experience.** Complete at least three years of full-time financial planning-related experience (or the equivalent, measured as 2,000 hours per year).
- **Ethics.** Agree to be bound by CFP Board's *Code of Ethics and Standards of Conduct*, a set of documents outlining the ethical and practice standards for CFP® professionals.

Individuals who become certified must complete the following ongoing education and ethics requirements in order to maintain the right to continue to use the CFP® marks:

- **Continuing Education.** Complete 30 hours of continuing education hours every two years, including two hours on the *Code of Ethics and Standards of Conduct*, to maintain competence and keep up with developments in the financial planning field.
- **Ethics.** Renew an agreement to be bound by the *Code of Ethics and Standards of Conduct*. The Standards prominently require that CFP® professionals provide financial planning services at a fiduciary standard of care. This means CFP® professionals must provide financial planning services in the best interests of their clients.

CFP® professionals who fail to comply with the above standards and requirements may be subject to CFP Board's enforcement process, which could result in suspension or permanent revocation of their CFP® certification.

### Item 3. Disciplinary Information

Michael has no disciplinary information to disclose.

### Item 4. Other Business Activities

Michael is not engaged in any other business activities.
