Defining **Women in Motion (WIM)** and **the WIM Experience**

For our upcoming WIM Season #6, we are making some changes! Remember change is GOOD because it means that we are EVOLVING vs. the opposite direction which is NOT GOOD!

What is changing?

....we have decided to re-name WIM (Women in Motion) to the WIM Experience and....

....also, changing our reference to our members from Wimmies to WIMMERS. It sounds like we grew up!! Of course we did, but remember that doesn't make us any older!!

.....and, we are also changing up our traditional meeting format to be more activity based while still maintaining important content via discussions, newsletters etc.

Why the change?

..... because we want all of you to be able to share with others the mission of WIM, which is to encourage, educate and energize one another by having fun with new adventures, and new friendships along the way

.....to be part of WIM, is to be part of the WIM Experience.

What is the WIM Experience?

- ...it is a place for women of all ages to come together, educate, encourage and energize one another
- ...it is a place for women to build new friendships
- ...it is a place for women to try something new, go someplace different, and perhaps experience a new adventure outside one's comfort zone
- ...it is a place which encourages volunteerism
- ...it is a place which stresses financial literacy
- ...it is a place which promotes travel throughout the country and the world
- ...it is a place which believes that everyone has a gift, and everyone has a voice
- ...it is a place where positive energy and optimism is paramount
- ...it is a place where differences are encouraged and celebrated

this is the WIM Experience.....YOU have to try it on to see if it fits YOU!

This all-women's group is comprised of women who span almost 5 decades of life. Having this great collection of ages allows each of us to connect across generations and understand each other and the world so much better. We always encourage our "WIMMERS" to bring along "positive" minded female friends who would like to connect with other interesting women.

Throughout the year we will meet up monthly for our **WIM CONNECT** breakfasts which are an informal gathering of women who wish to share a breakfast at a revolving list of restaurant spots in the area.

Then at another time of the month, we gather either in the evening to do an activity, or on a weekend to explore somewhere new. And through all of these events we look towards exploring matters of the mind, body and soul sometimes with interesting outside speakers, as well as learning from the talents from within our group. Our goal at these events is also to offer interesting insights into travel, volunteering, and financial education, not to mention fun, food and laughter! The overall tone of the group is engaging, optimistic and friendly.

Our calendar is booked with activities for most of the year and **WIMMERS** can choose which activities they would like to attend.

There is no cost to be part of **WIM**, and members can come whenever they are available. However, there may be costs associated with the various activities that we schedule which will be the responsibility of each member. Klaas Financial does help to sponsor some of the activities of this group.
